GEORGIANNA SLUMAN

1849 - 1932

To the average person who might have occasion to read the foregoing, it merely designates the life-span of one person. However, to the ones who had the privilege of knowing "Aunt Georgie" Sluman, it signifies a period in this town's history when her personality was reflected in so many of its civic activities.

It is frequently recalled by the people who were youngsters in our schools during this period, how she was a source of abundant and reliable information concerning the local current, and past history of the time. She always welcomed the youngsters with assignments for compositions to prepare, and they drew more than ample material from her reservoir of information.

The cover illustration is a reproduction of an original drawing by C. W. Anderson showing "Aunt Georgie" pursuing the art of making hooked rugs, at which craft she showed outstanding ability. This useful hobby is a very popular one at the present time.

We wish to express our sincere thanks to Messrs. C. W. Anderson for the use of the drawing; Francis J. Coyne for his fine work in producing the Cover design; Harry S. Sluman and Toivo Kivimaki for their assistance in preparing this brief history.

Mr. Carl V. Valyou
Chairman of Selectmen
Mason, New Hampshire

Dear Mr. Valyou,

It is with pleasure that we tell you that Mason was awarded first place in its class at the 1950 New Hampshire Municipal Report Contest held in Concord, yesterday, September 24.

The judges for the contest were, Mr. Harold G. Fowler, Director of the Municipal Accounting Division, State Tax Commission, Miss Mary Louise Hancock, Reference Librarian for the State Planning and Development Commission and Mr. Barry Mines, Executive Secretary of the New Hampshire Federation of Taxpayers Associations.

We would appreciate receiving three additional copies of your 1950 town report so that we may enter it in the New England contest, sponsored by the New England Council. Since the New England Council has asked us to forward our entries as near to October 1, as possible, it would be appreciated if you could send us the three copies of your 1950 report at your earliest convenience.

Sincerely yours,

George H. Deming

REPORT OF SELECTMEN

At the time of our last Town Meeting, there was a proposed State Aid (to Schools) Bill before the New Hampshire Legislature that—in the event of its passage—would provide Mason with \$1,743.75.

However, while the State Department of Education's Budget was going through its "slenderizing" routine, someone along the line added something "new" to the Bill which disqualified our Town from receiving State Aid to Schools.

This news was most disturbing, since in the face of an increased school budget, over the previous year—when we received \$3,465.56 for School Aid—we must necessarily increase our tax rate.

That something "new" is found in the following account of our Adjusted Valuation of Properties, as explained by the State Department of Education:

| | |
|--|--------------------|
| Net assessed valuation | \$308,623.00 |
| Tax Commission's increase (permitted by law to produce an Equalized Valuation) | 95,639.00 |
| 5-year average of growing wood and timber, (another part of the law) | 46,049.00 |
| Poll Taxes | 314.00 |
| * \$2,708.03 Capitalized at rate of 4.31 % | 62,831.00 |
| Total Adjusted Valuation | <hr/> \$513,461.00 |

*) This figure of \$2,708.03 is arrived at from income itemized as follows:

| | |
|---------------------------|-------------------|
| Interest on taxes | \$108.75 |
| Railroad tax | 184.49 |
| Savings Bank tax | 178.43 |
| Interest and dividend tax | 655.30 |
| Dog licenses | 125.40 |
| Motor vehicle permits | 843.33 |
| Rent of town properties | 50.00 |
| School Trust Fund income | 559.33 |
| | <hr/> \$ 2,708.03 |

The Timber Tax law is interpreted to mean that \$46,049.00 has been removed (by law) from our town valuation, and may not be used for taxation purposes.

The other income items from taxes, trust funds, etc., we have always understood were also non-taxable items.

However, it seems that this "Potential" valuation may be legally used to build up our town's valuation (by \$109,-194.00) to what is termed an "Adjusted" valuation, which disqualified us from receiving State Aid to Schools. And, this loss must be compensated by an increase in our local tax rate.

We are not in a position to question the legality of the foregoing valuation "maneuver." However, we are "shonuf" impressed by the manner in which State and National Politics can affect our local "small town" affairs.

Our Town Hall:—

While we can view with pride our newly painted building, and enjoy a cleaner atmosphere within our Hall, we must not overlook the need for a new stage settings, curtains, etc.

And, of course, our little "ell" is still with us to cause

us some embarrassment at Town Hall functions. Or should we just accept it as a bit "provincialism" maintained to remind us of the earthly way in which we are all created equal?

Our Town Report:—

You may be pleased to notice that we are making every effort to maintain a publication that will meet the standards established by our predecessors, Messrs. Francis Coyne, Ronald Harry, and Curtis V. Dunn, to merit the State and New England Awards.

Incidentally, there are still a few copies of the 1949 and 1950 Town Reports available on request at the price of \$1.00 per copy (cost of printing) to those who wish them. Address your request to the Chairman, Board of Selectmen.

About Assessing:—

In the near future you will receive your Inventory of Property blank, which when properly filled out, you will please return to your Board of Selectmen on or before April 15th. You are required, by law, to fill out this inventory blank and have it in the hands of your selectmen **not later** than April 15th.

We regret to report that several property owners have not been very co-operative in this matter. If you will read the "law" pertaining to the subject—printed on the back page of this form—you will realize that neglect on your part is not a financially wise practice.

As most of the town property owners may know, Messrs. Coyne, Kivimaki, and Valyou are working on the compilation of a Property Map of our Town.

This map will be most valuable to the town for assessing purposes, as well as making available to you a

graphic description of your property. Most everyone has been very co-operative. However, there are yet a few property owners who have not sent in the information required by this Committee.

Be it known that this Committee is functioning without funds, and is producing a job that has cost other towns thousands of dollars to accomplish. We are fortunate to have a staff of local townspeople, who are civic-minded enough to contribute their time, knowledge and effort to this project. Should we not give them our fullest co-operation?

If you haven't already done so, will you please forward the information concerning the boundaries of your property to Mr. Carl V. Valyou, at your earliest convenience?

Miscellany:—

If you are between the ages of 21 and under 70 years, and a legal resident of the State of New Hampshire, you are eligible to pay a State Head Tax. Whether you received a bill for it, or not. As you will learn when you renew your auto, sport, or driving license. This is a reminder.

Did you know that through the medium of the Monadnock Region Association you may obtain state-wide, as well as nation-wide publicity of whatever Arts, Crafts, or Tourists Accommodations that you may have to offer to the public? If you will write to Mr. Daniel Eneguess, Executive Secretary, Monadnock Region Association, Historical Building, Peterborough, New Hampshire—and enclose a self addressed, stamped envelope—he will provide you with necessary information for obtaining this free publicity.

The latest in New Hampshire Publications is the "New Hampshire Profile" ("The Picture Magazine of New Hampshire"). You will find it profoundly interesting reading. It is published at Portsmouth, N. H.

Again we are indebted to Mr. Toivo Kivimaki for his able assistance in the preparation of this year's Town Report.

REPORT OF LIBRARY TRUSTEES

As in the past, friends of the Library continued to send books and magazines. For these we are very grateful. Due to lack of space, it is impracticable to keep all of them on the shelves. Our aim is to keep as well balanced collection of books as is possible in such a small space.

The State Bookmobile continues to bring its services to our Library. This provides a turnover of books, especially for the children. This service is of great value to a small town.

We would appreciate it greatly, if the patrons of our Library would make known their preference in reading matter to us. It is your Library and we want to serve you.

REPORT OF LIBRARIAN

The library reports a very successful year in its aim to serve our community. This school year has been a very busy one with an average of thirty-six books going out each day the library is open.

Our grownups are very loyal and the increase of children in school this past year has added to the busy circulation.

We have had many donors this year to add to our collection of books, with several magazines given us. If you would enjoy Popular Mechanics, Life, Newsweek and some state magazines such as New Hampshire, Kentucky and Arizona, we have them at your library.

Nature Magazine has been given for the school children and we subscribe to Children's Digest which has a variety of entertaining stories for small children.

Our State Library sends us the Bookmobile three times a year with about thirty-five books each time to add a variety for children from the lower grades through high school.

The library is your Free Town Library, to use for better and entertaining reading. We hope to meet you there.

We extend our sincere thanks to all who make our library such a good one.

Respectfully submitted,

THELMA W. MARTIN,
Librarian

REPORT OF SCHOOL NURSE

It is difficult to sum up in a few paragraphs the work done by the School Nurse during the school year. It is almost impossible to state definitely the amount of time spent doing records, answering telephone calls at home, talking about school work with parents and neighbors, as well as the time spent writing letters to arrange for clinic visits, etc. This does not include the time actually spent in the school building conferring with teachers, examining children each month for evidence of communicable disease and assisting the doctor with the annual examination of each child.

I made eleven visits to the Mason School during the year 1951. The children were weighed at the beginning and end of the school year and most of them made a satisfactory gain in weight.

One child was taken to the Optometrist in Nashua for examination and glasses obtained to help correct strabismus (cross eye). The eyesight of all was checked by means of the Snellon chart. Three were found to have defective vision and reports were sent to the parents.

There were fourteen cases of Chicken Pox during February and March and two cases of German Measles. The children were again exposed to Measles in December, the end of which is not yet known.

The chief cause of concern is the inability of the group to eradicate pediculosis. Dusting the hair with D. D. T. powder frequently at school does not stop this nuisance. The need for personal cleanness was stressed by the nurse throughout the year.

Due to my illness I was prevented from testing the

children's hearing during the winter. I'm striving to do so this year.

Defects found by Dr. Karr:

| Defective teeth | 27 |
| Defective tonsils | 18 |
| Enlarged glands | 3 |
| Acne | 3 |
| Eczema | 1 |
| Impetigo | 1 |

SYBIL M. BEATHAM, R. N.

School Nurse.

REPORT OF SUPERINTENDENT

To the School Board and Citizens of Mason:

I respectfully submit my fifth annual report as your Superintendent of Schools.

INSTRUCTION

I am pleased to report that high standards of instruction are being maintained in your school under the capable direction of Mr. Daniel Hoyt, Miss Lilla Tuttle and Miss Elsie Wheeler. Methods of instruction are being kept up to date with emphasis being placed upon the individual learning abilities of each child.

The Guidance Program initiated last year, provides each child with a folder in which a record of his achievement test results, difficulties, etc. are kept. These records reveal the mental and physical growth of each child and directs the teaching activities in the path which will be most profitable to the child.

A complete testing program is given to all pupils in grades one through eight. In grade one each child receives a Metropolitan Reading Readiness Test which measures the maturity of the individual and reveals to the teacher the probable grouping necessary to carry on efficient instruction. They also are given the S. R. A. Primary Mental Abilities Test which indicates the innate ability of the child to succeed in school work. These tests are given also to grades three, six and eight. All grades are given a Metropolitan Achievement Test in May. An analysis of the results of these tests reveals to the teachers the strengths and weaknesses of individuals and also of the educational program. Throughout the year standardized

tests in reading are given as the pupils complete various phases of the reading program. Of particular importance are the Weekly Reader Tests given in October, January, and May. These measure the growth in reading ability in these periods. All results are recorded on a Cumulative Record Card which accompanies the pupils as he moves from grade to grade.

All teachers in Supervisory Union No. 63 attended a two-day Workshop in Wilton, New Hampshire. The theme of the Workshop was "Improving the Techniques of Teaching with Audio-Visual Aids." These aids train the child to learn by seeing, listening, speaking and doing. Experience has shown that they are an invaluable aid to the child who has a reading difficulty.

HEALTH SUPERVISION

The health program in our school is supervised by Dr. Harlan Karr, and Miss Sybil Beatham, R. N., School Nurse. Every child receives a physical examination, a vision test, and an auditory test each year in addition to the monthly check-up by the school nurse. Parents are informed when any irregularities exist and they have been most cooperative. Certain communicable diseases are difficult to control once they get started. Every effort is made to obtain professional advice to guide the actions of the school officials. For details of the work of the school nurse I refer you to the School Nurse Report.

IMPROVEMENTS TO GROUNDS AND BUILDINGS

This past summer saw the completion of a project of improvement and renovation in our school building that has been going on for the past two years. The exterior was painted for the first time in many years and the hallways and entrances re-painted.

The school grounds have taken on a new appearance

due largely to the efforts of your school board, assisted by interested townspeople and the school children. The Grange is to be especially commended for providing the playground area in the rear of the building.

The children are proud of their school and this has been evidenced on numerous occasions by their desire to keep the interior and exterior clean and attractive.

We propose to complete the landscaping on the East side of the building, as well as in the front, this spring and summer.

TRANSPORTATION

The routes will operate essentially the same next year as this, dependent of course upon the number of pupils to be transported.

STATE AID

According to the present State Aid Formula Mason will not be eligible to receive any State Aid. This situation will continue to exist until such time as the State Aid Formula is re-written, the number of pupils increase decidedly or the adjusted valuation is decreased.

FINANCE

An analysis of the School Board's Budget reveals an increase of \$1,581.38. This increase is reflected largely in the following items: Tuition \$925.00; Teachers' Salaries \$450.00 and Transportation \$275.00

The tuitions are set by the receiving districts and a charge equal to the State Average may be assessed. The State Average per pupil cost for 1950-51 was \$271.75 for secondary school pupils. Appleton Academy's assessment next year will be \$250.00. The tuition fee at Townsend

and Fitchburg has not been set but it is assumed it will approach the figure stated above.

CONCLUSION

I wish to express my sincere appreciation to the Mason School Board and parents and friends of the Mason School, who have assisted me and the teachers, in developing an educational program which is fundamental to our needs and is developing our children in the manner which we would like to have them grow.

NEWELL J. PAIRE,

Superintendent of Schools.

REPORT OF THE FOREST FIRE WARDEN

We are most proud of our enviable forest fire record for the year 1951.

| | |
|-------------------------|------|
| No. fires | none |
| Acreage burned | none |
| No. Fire Permits issued | 46 |

This record could not have been accomplished without the 100 percent co-operation of all the townspeople.

(Signed)

CARL V. VALYOU,
Fire Warden.

REPORT OF TREE WARDEN

The Town of Mason has some beautiful shade trees along its highways, among them are some beautiful elm trees, and the townspeople would be justified in keeping these pruned out, and sprayed annually.

This will not guarantee freedom of Dutch Elm Disease, but at least it will greatly reduce the chances of losing the fine old elms which we now have.

I would deem it my duty to examine the trees on any private land, and obtain specimens for the New Hampshire State Entomologist at the request of the land owners.

I am fully equipped to take care of this work, and any removal work that may be required.

(Signed)

Richard Lord,
Tree Warden.

REPORT OF OLD HOME DAY COMMITTEE

It was a beautiful day.

The 1951 Old Home Day's Sports activities were very well attended, and very ably handled by the Sports committee. The "little tots" program was particularly entertaining to both the youngsters and the grown ups, with many of the latter group expressing the desire to "join in" if . . . (Ladies, next year leave the "if" at home; let your hair down, and "join in." I'm sure that the "little tots" won't mind, and THIS I "gotta" see.)

The American Legion Post Band of Fitchburg, under the direction of George Talcott, provided a Band Concert which was enthusiastically received by everyone.

The baseball game was won either by the Single men, or the Married men. The final score was anyone's guess. I can make the statement — without fear of contradiction — that this was positively NOT a "fixed" game. We know only that everyone enjoyed the game; the participants were a "game" lot, with "Jeannie Barnes" being voted the best man on both teams.

The supper, sponsored by the local P. T. A. was up to its usual fine standard, in spite of the stifling heat, and the "dive-bombing and straffing" activities of the hornets in the Town Hall Dining Loft.

Mr. Russell Tobey, Director of the State Department of Recreation, gave us a very interesting talk about the activities of his department, as well as some very enlightening and entertaining historical data about our own town.

During the early summer days — prior to Old Home Day — your committee obtained some 16 mm. color film and we were fortunate in having Mr. C. W. Anderson take pictures of scenic points in our town. These “shots”, together with several rolls of film borrowed from the Monadnock Region Association Library contributed to give us a very interesting showing of the Scenic Beauty of our Home Town and State.

We were very fortunate in obtaining the services of the Leominster Chapter of the S.P.E.B.S.Q.S.A. (The Society for the Preservation and Encouragement of Barber-shop Quartet, Singing in America) who gave us a Barber Shop Quartet Parade. This proved most entertaining to everyone. We were also priveleged to hear a group of Violin Selections by Mrs. Frances Ruggierrio, accompanied by Mr. Archibald Eaton at the piano, which provided a well rounded program of evening entertainment.

Your Old Home Day Committee wish to extend their sincere thanks to the many people who gave of their time and effort toward making this day a successful one.

Respectfully submitted,

ROBERT R. TREMPE, Chairman.

SIBYL BEATHAM, Sec'y-Treas.
